Keanu's Keen on BRZRKR

Keanu Reeves is no stranger to comics—he's starred in a comics film (*Constantine*) as well as a comic-bookish film series that inspired numerous comics tales (*The Matrix*), and his *John Wick* films inspired a comic book series of its own. So it's not surprising that his new project, *BRZRKR*, is making a comics debut—but what is surprising is that Reeves is not only the model for the main character, but he's also the co-writer of the series that introduces the world to the man known only as Berzerker.

"I have loved comics since I was a young kid, and they have been a significant influence on me artistically," Reeves said. "To have the chance to create *BRZRKR* and collaborate with legends in the industry like writer Matt Kindt, artist Ron Garney, color artist Bill Crabtree, letterer Clem Robins, and conceptual/cover artist Rafael Grampá—along with the great folks at Boom! Studios—is a dream come true."

Boom!'s solicit for *BRZRKR* describes the main character as "half-mortal and half-God, cursed and compelled to violence... even at the sacrifice of his sanity. But after wandering the world for centuries, B may have finally found a refuge—working for the US government to fight the battles too violent and too dangerous for anyone else. In exchange, B will be granted the one thing he desires—the truth about his endless blood-soaked existence... and how to end it."

Reeves' writing partner is the award-winning Matt Kindt. "The best collaborations have each partner bringing something unique to the table," Kindt said. "With *BRZRKR* we mixed a potent cocktail of all the things that we love: the tale of an immortal warrior laced with history, conspiracies, spirituality, and a gigantic helping of bonkers action and violence—all with intense purpose and ultimately a heartbreaking discovery."

The series is illustrated by respected artist Ron Garney, whose career spans three decades. "Ron Garney has been delivering spectacular work on Marvel's top characters for years, and we're thrilled to have him join *BRZRKR* as series artist," Boom! Editor-in-chief Matt Gagnon said. "Ron and

Keanu's influences in comics and their vision for the series couldn't be more in line. Ron Garney is a perfect match to bring the visceral world of *BRZRKR* to life."

During his illustrious career, Garney has illustrated some of comics' most popular characters, including Spider-Man, the Hulk, Wolverine, Thor, Captain America, Silver Surfer, the Justice League, GI Joe, and many more. He has also worked on major Hollywood projects.

"I'm thrilled to have been asked to join Keanu, Matt, Bill, Clem, and the whole team on *BRZRKR*," Garney said. "I've started collaborating with them and am really digging diving into this. In my over-30-year career I've worked on so many projects, and this feels like a fresh, new, unique, and cool character in an action-packed world that is like something we've never experienced before. It's adventurous, and exploring the fascinating conflict behind the mysterious hero B is a trip I'm excited to be on."

"Keanu is a creative force like no other, and it's been a once-in-a-lifetime experience collaborating on his first-ever comic book series," Gagnon said. "*BRZRKR* is a visceral, masterly crafted comic book epic."

BRZRKR #1, the kickoff issue of the 12-issue series slated for February 24th release, features main cover art by Rafael Grampá as well as variant covers by Mark Brooks, Lee Bermejo (a 1-for-25 variant), and Dan Mora (a 1-for-200 variant). But the rarest of all covers is the 1-for-1000 cover by Jonboy Meyers—a variant that will be signed by Keanu Reeves himself. In addition, Boom! has coordinated with CGC to offer participating retailers a chance to secure a Signature Series CGC Graded copy of that 1-for-1000 cover! (For more information regarding price and availability of these variants, talk to the helpful staff at your friendly neighborhood comic shop!)

Marvel Master(works) Plan

It's been almost 35 years since Marvel first launched its *Marvel Masterworks* line, offering readers a chance to re-experience the classic comics that launched the Marvel Age. Marvel is confident that the timeless nature of those tales by Stan Lee, Jack Kirby, Steve Ditko, Dick Ayers, Joe Sinnott, and others will make them just as appealing to young readers today, though—and that's the motivation for a new line of *Mighty Marvel Masterworks* debuting this summer.

This new series of classic Marvel reprints will present

these landmark tales in the 6"x9" format so popular with younger readers today—and the books will carry a \$15.99 pricepoint that makes them popular with anyone on a budget!

Mighty Marvel Masterworks: The Amazing Spider-Man—With Great Power will collect the Spider-Man story from *Amazing Fantasy* #15 as well as *Amazing Spider-Man* (1963) #s 1–10, including the first appearances of Spider-Man, Doctor Octopus, Sandman, the Lizard, the Vulture, Electro, J. Jonah Jameson, and more, as produced by Stan Lee and Steve Ditko in 1962 and 1963.

Mighty Marvel Masterworks: The Fantastic Four will collect the earliest tales of the Marvel Universe from *Fantastic Four* (1961) #s 1–10, including the first appearances of the Fantastic Four and their first confrontations with Doctor Doom, the Sub-Mariner, the Skrulls, the Mole Man, the Puppet Master, and more as originally presented by Stan Lee, Jack Kirby, and others.

Mighty Marvel Masterworks: The X-Men—The Strangest Super-Heroes of All will collect the first 10 issues of *Uncanny X-Men*, including the first appearances of the X-Men and their earliest confrontations with Magneto, the Blob, Unus, the Scarlet Witch, Quicksilver, and others as originally presented by Stan Lee, Jack Kirby, and others.

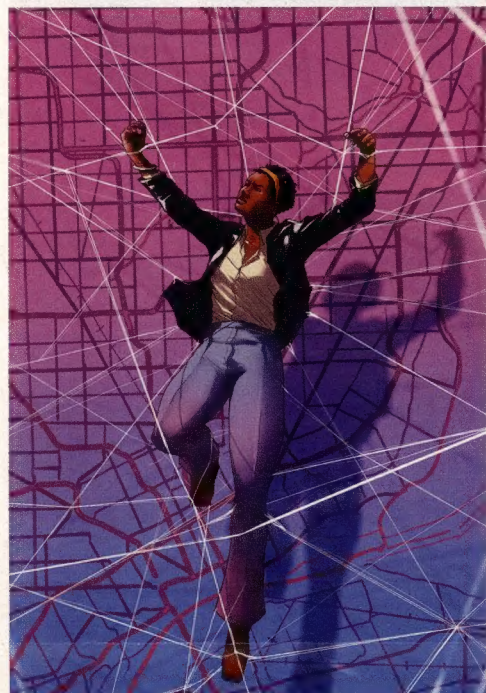

Each volume will feature a new cover image by Michael Cho; in addition, Marvel will offer comic shop-exclusive variant covers featuring classic art by Steve Ditko and Jack Kirby.

Look for the premiere volumes of *Mighty Marvel Masterworks* in comic shops in June, with more releases to follow throughout the year.

Courtesy of your friendly neighborhood comics outlet!

The following comics and comics-related items are tentatively slated for release on the dates given, based on the latest information provided by the publishers at press-time. Where applicable, distributors' code numbers are included for ease of ordering. Please note that publishers are continuing to make changes to their shipping schedules from week to week as the industry returns to normal operations, and these release dates are subject to change as a result.
